

Adobe XD Project

Please keep the sites clean. No drugs, sex, nudity, excessive violence, etc. If you do not follow this guideline, you will receive a "0".

Lab instruction:

- The purpose of this lab is for you to learn about UI design.
- Using the Figma videos create a 1-page website layout of your choosing.
- This should be a completed layout.
- Examples of items that should be included:
 - Banners
 - Buttons
 - Content (lorem ipsum for the text will be fine)
 - Desktop, Tablet and Mobile layout
 - Colors
- The layout should be interactive using Adobe XD
- The completed mock-up should be an exact representation for the finished site.

Tutorial Videos:

- [Figma Overview and Setup](#)
- [Figma Beginner 1 Tutorial](#)
- [Figma Beginner 2 Tutorial](#)
- [Figma Beginner 3 Tutorial](#)

Submissions Instructions:

- In the word doc for this assignment add the following information:
 - A link to your project on GitHub project page
 - Add a link to your completed Figma Design to the Word Doc in Teams
 - Once the document has been updated, close the window, the information added will be saved automatically.
 - Last step, click "Turn In" on assignment on Teams (fail to do this step will result in a grade deduction).

Adobe XD Project

Grading Policy:

Please pay close attention to all due dates. Late work will be accepted up to 2 days after the due date of a project or quiz. However, each day will result in a letter grade deduction from the project or quiz grade. After 2 days, I will not accept the work and you will receive a "0" for the assignment.

*Grading Policy Exception:

The final project and P2P grades have firm due dates. After this date these grades will become a "0". No extension will be offered for the final project or P2P.
